SP 1200

First released: 1987
12 bit drum sampler
Sample rate: 26.4 kHz
8 channels
Step and real time sequencer
Midi
Individual Outputs
Made in the USA by Emu

There are two versions of this machine. The only difference between them is the color scheme.

Famous for its grit and warmth. 12 bit sampling with analog filters! An icon of Hip Hop culture. Has become a very sought after drum machine...
